
MORE ON THE TRANSITION TAG

PAGE TRANSITIONS WITH VUE-ROUTER

```
Vue.use(Router)

export default new Router({
  routes: [
    { path: '/', component: Home },
    { path: '/another', component: Another },
    {
      path: '/parent',
      component: Parent,
      children: [
        { path: '/', redirect: '/parent/1' },
        { path: ':child', component: child }
      ]
    }
  ]
})

new Vue({
  el: '#app',
  router,
  components: { App },
  template: '<App/>'
})
```
